LAYING NEW GAS MAINS

Residents of Laurel Hill will Have Better Service—Six Inch Pipe will Replace a Variety of Sizes—Electric Plant Running.

Superintendent Bogue of the gas and electric department has a gang of men at work putting in six-inch gas main through Laurel Hill avenue from Winchester street to a point this side of the old school house. This main replaces one of various sizes which had been laid through the avenue, and because of the peculiar manner of laying those pipes the users of gas have had much trouble during the summer in getting sufficient gas for cooking purposes, as the demand was greater than the supply. It has been found that the old main varied in sizes from an inch and a half to six inches, being 1, 1.5, 2, 2.5, 3, 4, 5, and 6-inch pipes laid there with the smaller pipe ahead of the larger pipe. All the old pipe will be taken out, with the exception of the five-inch pipe, and if it is found that the smaller pipe is laid the entire distance the

job will require about six weeks to complete. In laying the new main it is necessary to make connections so that the use of the gas will not be cut off. It was also found that for some distance that the main had branched off and been laid near the gutter to get around a ledge, but in putting down the new main the ledge will be blasted out.

The pipe to be used has been laid along the avenue in the gutters and for over 100 feet the trench has been covered in.

At the electric plant the electricity is being made about half the time now, states the superintendent, owing to the dry weather and the low water in the Shetucket river, which affects the hydro electric station of the Uncas Power company. Since Friday noon the steam plant has been in operation steadily, furnishing all the juice required.

WELL FILLED PURSE FOR GERMAN LUTHERAN PASTOR.

Presented Rev. Theodor Bauck on Birthday Anniversary Celebration at Church.

In the German Lutheran church on Franklin street the thirtieth anniversary of the Tabernakel-Frauenfreund was celebrated on Sunday evening. The church was filled with a large number of the women of the society and their friends in attendance. The decorations of flowers and candles were in keeping with the occasion.

The entertaining programme consisted of songs by a quartet consisting of the Misses Annie and Katie Levitsky, Charles and Theodore Levitsky and music by the choir preceding the anniversary address which was given by Rev. Fred Bousch of Brooklyn, N. Y., who spoke from the text 1 Corinthians xiii, 13: Faith, Hope and Love. A brief sermon of much interest was also given by Rev. Bauck of the church, Rev. Theodor Bauck, who spoke from the text Isaiah xlii, 15: Can a woman forget her child that she should not have compassion on her son? Yes, these may forget, yet will I not forget thee.

One especially interesting part of the service came when Rev. Bousch addressed a few appropriate words to the pastor, reminding him that it was his birthday anniversary and it was with the greatest good will that the congregation presented him the well filled purse which he had the pleasure to tender. Rev. Mr. Bauck acknowledged the gift with sincere thanks and was greeted with cheers which were also given by Mrs. Emily Deane and Mrs. John Gonda, whose birthdays also came on the same night as their pastor's.

The officers of the society are Mrs. Adelaide Welner, president; Mrs. Kate MacDougall, vice president; Mrs. Otto Heigl, secretary, and Mrs. Marie Heigl, treasurer.

The church is soon to celebrate its fortieth anniversary and has lately presented the pastor with the money for a new altar, after making an Easter gift of a new communion set.
